

55INH

Making use of Genius pioneering display technology, the 0.9mm Even-Bezel Video Wall provides the perfection of a truly seamless view along with vivid colour representation throughout the assembled large screen. Minimizing bezel visibility unlocks great opportunities in various markets, even in places that previously had avoided video walls due to the visible bezels.

Highly configurable wall mounts

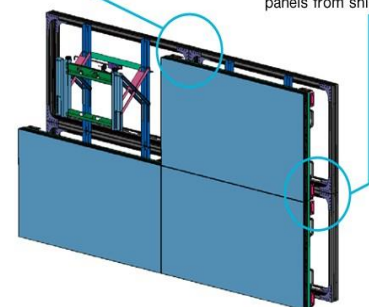

Genius specialized attach-and-connect wall mounts ensure easy installation of video walls. Each mount is sized to the dimensions of the video wall, and users simply need to install the mount first before connecting the displays.

This user-friendly design of wall mount eliminates the tedious efforts required to measure and adjust the wall mount, allowing you to conceive ideal layouts through effortless alignment between the wall mount size and video display size. This dimensional consistency and easy adjustability also prevent the need to dismantle the entire video wall should one section require adjustment.

The rigid modular display frames interconnect and eliminate the need for manual bezel alignment.

A system of magnets ensures consistency between multiple panel surfaces and prevents the panels from shifting over time.

Specification

55INH

Panel	Screen Size	55"
	Panel Technology	IPS
	Native Resolution	1920 x 1,080 (FHD)
	Aspect Ratio	16:9
	Contrast Ratio	1200:1
	Brightness (Typ.)	500 cd/m2
	Viewing Angle (H x V)	178 X 178
	Dynamic CR1)	30,000-500,000:1
	Colour Depth	16.7 M (8 bit)
	Response Time	8 Ms (G to G)
	Life Time (Typ.)	60,000 Hrs.
	Operation Hours	24 Hrs.
	Orientation	Landscape & Portrait
	Horizontal Frequency	65kHz ~ 70kHz
Vertical Frequency	47Hz ~ 63Hz	
Connectivity	input	HDMI (2), DP, DVI-D, Audio, USB 2.0
	Output	DP, Audio
	External Control	RS232C In/out, RJ45 (LAN) , IR In
	Bezel Color	Black
	Mechanical Speciation	Bezel Width
Key Feature	Features	ACM Support (Advance Color Management) 1P 5X tested
ENVIRONMENT	Operation Temperature	0°C to 40°C
CONDITIONS	Operation Humidity	10% to 80%
Power	Power Supply	100-240V~50/60Hz
	Power Type	Built-In Power
	Power Typ. / Max.	153 W / 220 W
	Sleep Mode	0.5 W
ACCESSORIES	Basic	Quick Setup Guide, Warranty Card, DP cable, stereo to DB9 cable, Power Cord, Remote Controller, Batteries, External IR
	Stand	NA
