

DESKTOP VISUALISER ITV-20S | ITV-30HD | HDX

Key Features for Visualiser

- Can display 2D/3D images
- Keep meetings lively and interesting and retain audience focus.
- Demonstrate products, applications, features and ideas to large groups of people.

ITV-20S

ITV-30HD | HDX

The Intellitech represents the best balance of performance and value in digital document camera category. The Intellitech use a high resolution 1/3" Progressive Scan CMOS giving outstanding image quality and a remarkable 30 frames per second video capability. the Intellitech visualiser features a 22x| 15x|10x Optical zoom Lens with 10 digital zoom. Features Digital Image Rotation that allows you to show virtually any subject matter, printed or 3D accurately and at high resolution.

Our engineers have designed the Visualiser with a complete Multi-Media Switching system, and Projector Control. You can connect 2 MAC or PC computers (with audio), a DVD player directly to the Visualiser and you need only one VGA cable to connect to your display device or projector, saving hundreds of dollars in installation costs.

Key Features

- 30 FPS
